

HIGH Q GREENHOUSES INFORMATION SHEET

NEMESIA – SERENGETI®

Serengeti® is an all-new Nemesia series from Selecta First Class!

They are perfect mixed in baskets and containers or as single plants and will top everyone's must-have list.

Serengeti® Trailing Red

Serengeti® Trailing Yellow/White

Flowering Time

- All summer

Habit

- Compact, semi-mounding habit
- Excellent branching and good vigor
- 45 cm/18" tall

Requirements

- **Light** – Sun to part shade
- **Soil** – Well drained with pH 5.8 – 6.2
- **Water** – Let soil dry between watering – avoid wet feet
- Water in the morning so that plants are dry at night
- **Fertilizer** – Use 150-200 ppm N in a well balanced fertilizer, watch the salt levels
- **Temperature** – 10-12°C/54-56°F night, 15-20°C/64-72°F day
- Cool temperatures encourage branching, compact growth and flowering
- **Growth Rate** – 4-6 weeks to flowering after transplanting
- **Regulators** – Not usually necessary
- **Pests & Diseases** – Aphids, Thrips, Botrytis, Pythium
- **Pinching** – Not usually necessary

Application

- **Grower:** 4-6" pots, baskets (five to six plants if not mixed), mixed containers
 - **Consumer:** Mixed containers or patio pots, hanging baskets
-
