**Easy Wave Rosy Dawn**

**Easy Wave Salmon**

**Easy Wave Shell Pink**

**Easy Wave White**

A mix of all  
seven colors

**Easy Wave Mix**

---

### Flowering Time

- All summer
- Non-stop flowering through hot and cooler periods over mounded plants

### Habit

- Easy to grow & easy to care for
- Great alternative to standard petunias – grows a little more mounded than original Wave, showing a more controlled spread
- Keeps on flowering late into the season in all kinds of weather
- Fast-growing...each plant spreads up to 90cm/3 feet

### Requirements

- **Light** – Full sun
- **Soil** – Well drained with pH 5.5 – 6.2
- **Water** – Let soil dry between watering – do not allow wilting
- **Fertilizer** – Greenhouse: apply a balanced fertilizer with 200-300 ppm N with every other irrigation, Consumer: feed with an all purpose fertilizer especially if container grown at every second watering
- **Temperature** – 15-18°C/60-65°F nights, 18-24°C/65-75°F day
- **Growth Rate** – 5-7 weeks to flowering after transplanting
- **Regulators** – B-Nine, see PanAmerican Seed Grower Facts
- **Pests & Diseases** – No major problems
- **Pinching** – None required

### Application

- **Grower:** 4-6" pots, baskets, mixed containers
  - **Consumer:** .great in landscapes, garden beds, baskets & planters
-
